Wildlife Encounters

The park is known for its diverse wildlife population, making it a prime destination for animal enthusiasts. From alligators and turtles to over 300 bird species, there is always something fascinating to observe. Don't forget your binoculars!

Star-Gazing Haven

Brazos Bend State Park also boasts an International Dark Sky Association designation, making it a perfect spot for stargazing. On a clear night, you'll be mesmerized by the beauty of countless stars lighting up the sky. Don't miss out on experiencing this celestial spectacle.

Outdoor Activities

For those seeking outdoor adventures, Brazos Bend State Park has something for everyone.

Hiking and Biking

With an extensive trail system, hikers and bikers will find themselves surrounded by nature's beauty. Whether you prefer a leisurely nature walk or an adrenaline-pumping bike ride, the park offers trails suitable for all skill levels.

Camping

Immerse yourself in the park's tranquility by spending a night at one of its camping sites. Wake up to the sounds of birds chirping and the gentle rustling of leaves as you prepare for another day of adventure.

Fishing and Boating

Brazos Bend State Park is home to several lakes, providing ample opportunities for fishing and boating enthusiasts. Cast your line and try your luck at catching some bass, catfish, or sunfish, or take a relaxing boat ride and feel the refreshing breeze against your face.

Visitor Information

Hours and Entrance Fees

The park is open daily from 8:00 AM to 10:00 PM. Entrance fees are \$7 per person, with children 12 and under entering for free. Proper identification is required for entry.

Park Amenities

Aside from the stunning natural beauty, Brazos Bend State Park offers various amenities to enhance your visit. These include picnic areas, restrooms, a nature center, and a gift shop where you can find unique souvenirs to remember your trip.

Planning Your Visit

Before planning a trip to Brazos Bend State Park, be sure to check the weather conditions and pack accordingly. Comfortable walking shoes, insect repellent, sunscreen, and plenty of water are essential. Remember to respect the park's rules and regulations, and leave no trace when exploring.

Brazos Bend State Park Texas offers an escape to nature's wonderland. Whether you're an avid hiker, a passionate birder, or simply looking for a peaceful retreat, this hidden gem in the Lone Star State will capture your heart with its diverse wildlife, enchanting landscapes, and thrilling outdoor activities. Plan your visit to Brazos Bend State Park and embark on an unforgettable journey through breathtaking Texas beauty.

This original photographic collection includes wildlife photographs taken by August Farrow between January 1st 2019 & December 31st 2019.

I spent a total of 8 days in Brazos Bend State Park in 2019. This is what I saw and was able to photograph during that time.

This is not a book to showcase my photography. It's a photo collection highlighting the wildlife that was actually seen at this location during this period. It's not what someone saw once 5 years ago, not what someone supposes could be there based on location and habitat., but wildlife that was actually there, seen and photographed by this visitor.

This title includes full color images. For the best experience possible, view this title in color on your color-enabled Kindle device OR download the free Kindle app to view this title on your smart phone, tablet, laptop, netbook or computer!

In this book, I will give you the exact same experience I have had – that of walking through nature and stumbling across a variety of flora and fauna without labels or descriptions.

Rather than a reference book, this is more of a photographic catalog of my observations during the time I spent there that year. Though that isn't a lot of time, I have a special knack for stumbling across an astonishing amount of wildlife - for being in just the right place at just the right time (at least when it comes to nature). I hope this book will encourage you too to go out and explore the natural world.

Please note: All insects, spiders and other animals depicted are wild or feral.

I photograph things as they are - sometimes under horrible weather conditions such as fog, rain, etc. and I do not use any special equipment. The conditions are what they are at the time.

These images have not been photoshopped or otherwise manipulated in order to depict anything other than what I actually saw in that location at that time. If you see more than one animal in a shot, more than one animal was present at the time and fit into the frame I was shooting.

Lastly, I also have a very strict non-interference policy. I do not bait, harass, touch, trap, corner or otherwise impede or restrict wildlife.

Due to limitations in the number of photographs that can successfully be built into a file using this format, different locations may have more than 1 book.

To find specific, additional titles, simply type in August Farrow and a keyword such as a subject (Insects) and/or place (such as Houston) in the search box of the retailer's page. For example: "August Farrow Birds" or "August Farrow Texas" or "August Farrow Insects Texas" or "August Farrow Wildlife Memorial Park".

To receive email notification of when a new title is released, click the yellow "Follow Author" button under the SeaMonkey Ink avatar on the Amazon Author Page. To find the page, simply click on "August Farrow" on any search result or product page.
