The Rules of Major League Lacrosse

While the gameplay of Major League Lacrosse shares similarities with traditional lacrosse, there are certain rules unique to MLL. Each team consists of ten players, including a goalie, and the aim is to score goals by shooting the ball into the opposing team's net. The team that scores the most goals within the allotted time wins the game.

Here are some of the key rules that make MLL exciting:

Shot Clock

Major League Lacrosse introduced a 60-second shot clock that forces teams to take shots within the specified time. This rule prevents teams from running down the clock and encourages faster-paced and more aggressive gameplay.

Two-Point Line

In MLL, there is a two-point line positioned outside the 18-yard arc, rewarding teams with two points for goals scored from shots taken beyond that line. This rule adds an extra level of strategy and excitement to the game, as teams can quickly turn the tables with a well-placed long-range shot.

Faceoff Violations

Faceoffs play a crucial role in lacrosse, and MLL has specific rules regarding violations during faceoffs. These rules ensure fair play and add an additional layer of challenge to the game.

The Stars of Major League Lacrosse

Major League Lacrosse has been graced by countless talented players who have showcased their skills and thrilled audiences with their performances. Some of the notable stars in MLL history include:
