Bringing Scholars, Activists, and African Voices Together

The Johns Hopkins Symposia in Comparative brings together a diverse group of participants to foster meaningful conversations and dialogues. Scholars, activists,

and African voices unite to share their perspectives, research findings, and personal experiences, providing a broad and well-rounded understanding of the colonial period in Africa.

Unveiling Hidden Histories

Throughout the symposium, hidden histories will be revealed, challenging widely accepted narratives surrounding colonialism. By amplifying African perspectives, participants aim to highlight the stories that have been overlooked or deliberately erased from history. This inclusive approach makes the symposium a unique platform for unraveling the complexities of colonialism.

Exploring Cultural Heritage and Resilience

Africa's cultural heritage is undoubtedly vibrant and diverse. However, the impact of colonization cannot be ignored when examining African traditions and lifestyles. The symposium dives deep into the ways in which African communities have preserved their cultural identity, even amidst the pressures of colonialism. Participants will explore the resilience and resistance that defined African societies during this transformative period.

Challenging Conventional Narratives

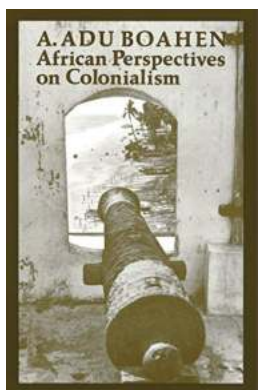

Western perspectives on colonialism have traditionally dominated the discussion. By incorporating African voices, the symposium challenges these conventional narratives, paving the way for a more comprehensive and accurate understanding of the colonial experience. This diversity of perspectives helps reshape historical interpretations and brings forth new insights.

Legacy and Beyond

The symposium takes us on a journey from the colonial period to the present, examining the legacies left behind and their implications in contemporary Africa.

By analyzing the political, economic, and social consequences of colonization, participants aim to foster discussions on how to address and rectify these enduring challenges.

African Perspectives on Colonialism at The Johns Hopkins Symposia in Comparative offers a unique opportunity to explore the diverse, often unheard stories that shed light on the effects of colonialism in Africa. By embracing African voices, challenging conventional narratives, and unveiling hidden histories, the symposium serves as a crucial platform for understanding the lasting impact of colonization. Join us on this enlightening journey as we delve into Africa's rich heritage, resilience, and ongoing quest for self-determination.

This history deals with the twenty-year period between 1880 and 1900, when virtually all of Africa was seized and occupied by the Imperial Powers of Europe. Eurocentric points of view have dominated the study of this era, but in this book, one of Africa's leading historians reinterprets the colonial experiences from the perspective of the colonized.

The Johns Hopkins Symposia in Comparative History are occasional volumes sponsored by the Department of History at the Johns Hopkins University and the Johns Hopkins University Press comprising original essays by leading scholars in the United States and other countries. Each volume considers, from a comparative perspective, an important topic of current historical interest. The present volume is the fifteenth. Its preparation has been assisted by the James S. Schouler Lecture Fund.
