Please join me on some of the many kayaking excursions I have taken across the New England area. You will not only learn of some unique areas to explore, you'll also gain some insight and knowledge of some of the benefits received from this fun and exciting activity.

Through the sale of his Watercraft, a 19 foot Stingray bow rider, my husband “Billy” so proudly named “Firesky”, my daughter “Corinne” and I chose to kayak in his honor. Hence, the purchase of our two vessels we named “Fire” & “Sky”. Yes, “Fire” is yellow and red, and “Sky” is blue and white!

You see, the motorboat proved to be too much work, too dangerous, and too expensive for us to operate. Consequently, the kayaks, which have no motor and can be easily stored away for the winter with no maintenance required, came into fruition.

Although our initial intentions of kayaking were to pay homage to Billy. It became so much more than that as you will see in my stories. We have found that engaging in this activity is beneficial to our minds, bodies, and souls as well. In addition, we are rewarded with the opportunity of connecting and bonding with Mother Nature, other people, and the Universe!

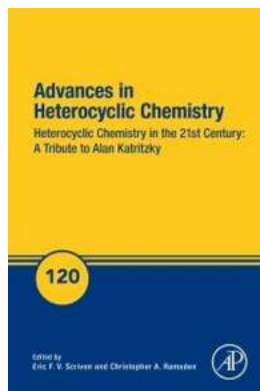

I hope you will be inspired by my adventures and be able to experience some of the wonderful things that I have so enjoyed through my travels.

With the deepest of sincerity,
Jacqueline Bazzinotti
