We tend to think of cities as a realm apart, somehow separate from nature, but nothing could be further from the truth. In *Feral Cities* Tristan Donovan digs below the urban gloss to uncover the wildlife that we share our streets and homes with. Along the way readers will meet the wall-eating snails that are invading Miami, the wild boars that roam Berlin, and the monkey gangs of Cape Town. From carpet-hungry bugs to coyotes hanging out in sandwich shops, *Feral Cities* takes readers on a journey through streets that are far more alive than we often realize, shows how the animals are adjusting to urban living, and investigates how human attitudes and culture influence wildlife issues in urban areas.
