One of the standout features of Dungeon Core Escapade is the ability to control the dungeon itself. As Flutter, players can manipulate the dungeon's architecture, create traps, and summon creatures to aid in their escape. This adds a layer of strategy and creativity to the gameplay, as players must carefully balance offensive and defensive tactics to overcome the challenges that lie ahead.

Immersive Graphics and Sound

Dungeon Core Escapade is a visual feast, boasting stunning graphics that bring the dungeon to life. From dimly lit corridors to expansive caverns, each area is meticulously designed to immerse players in its atmosphere. The attention to detail is truly remarkable, with intricate textures, dynamic lighting, and realistic physics.

To further enhance the gaming experience, Dungeon Core Escapade features a captivating sound design. From the eerie echoes of the dungeon's depths to the triumphant music that accompanies each victory, the game's audio elements are carefully crafted to evoke emotion and create a truly immersive environment.

Community and Multiplayer

Dungeon Core Escapade offers a vibrant and active community of players who are passionate about the game. The online multiplayer mode allows players to join forces, tackle challenges together, and compete against each other in epic battles. The multiplayer aspect adds an exciting social dimension to the game, encouraging cooperation and friendly competition amongst players from around the world.

What happens when a trained Fairy Assistant becomes the very object she was meant to guide?

Contains all four books in the Hapless Dungeon Fairy series:
The Dungeon Fairy
The Dungeon Fairy: Two Choices
The Dungeon Fairy: Three Lives
The Dungeon Fairy: Four Days

All that Tacca GloomLily ever wanted to be since she was very little was a Fairy Assistant to a Dungeon Core. After her negatively portentous birth, however, she was never fully accepted by her superstitious peers and instructors at the Dungeon Assistant Preparatory School; nevertheless, she persisted in her studies and graduated at the top of her class.

Unfortunately for her, the “hands-on” training she was supposed to receive from a Mentor and his Bonded Dungeon Core didn’t go the way she would’ve hoped. In fact, the stigma attached to her origins finally made itself known in the form of horrendously “bad luck”; the rotten part of her newly discovered luck was that it adversely affected Cores that she happened to be near, and not just herself.

What can a Dungeon Assistant Fairy do when every Dungeon Core she gets near ends up being destroyed? Tacca had no idea, but a solution eventually presents itself – though it was one that she never saw coming...

This story contains Dungeon Core elements such as dungeon construction and defense, LitRPG/GameLit mechanics such as character progression and stats, and contains no harems/sexual content or profanity.
