I had a plan.

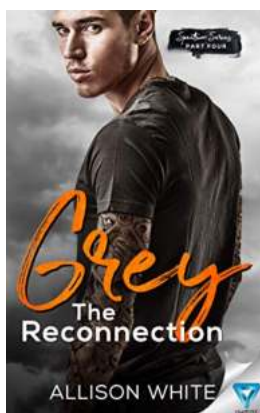

Graduate college, acquire my dream job, settle down with a good man, and live a normal, content life.

But that's not how it played out.

Instead, I met the dark, brooding, misunderstood Grey Wyler, and my perfectly planned life got derailed. Now I'm a girl who managed to survive a mass shooting, desperately trying to hide how broken I truly am.

Everything I've ever dreamed of is slowly slipping through my fingers—including a future with the man I fell hopelessly and irrevocably in love with. Grey owns every last part of me, and loving him has been both the worst and the best part of my life.

But what if that's not enough?
