The Legend of Jade Two

The legend of Jade Two dates back to ancient times when a powerful gemstone, the Jade Eye, was discovered by the mystical tribes of the mountain. This precious stone possessed immense mystical energies and was said to grant unimaginable powers to whoever possessed it.

However, the Jade Eye was shattered and its fragments scattered across the world, with each fragment containing a fraction of its power. The tribes formed two factions, the Jade One and Jade Two, each believing that only by owning all the fragments could the ultimate power be restored and used for the greater good.
