This magical project runs in Kenya at Nairobi National Park and aims to recover and rescue orphaned elephants who are found abandoned or injured in the first few months or years of life.

This program has saved more than 150 elephants!

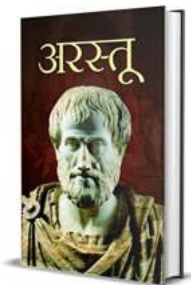

They are collected and cared for until they are able to be returned to nature, when they are integrated into a herd that welcomes them.

We hope in 2019, with your help, to support even more organizations that are dedicated to saving elephants.

Thank you.
