Wicked funny and hella gay, it's time for Taylor Parker to come outabout a lot of things.

Taylor Parker has always been a funny girl—but when she is accepted as a finalist for a diverse writers' internship at Saturday Night Live, it turns her life upside down. If she wants a shot at winning in a little more than a month, Taylor will have to come out about both of her secrets: She wants to be a comedian . . . and she's a lesbian.

With a mom who gave up a career in comedy to raise her, and a comedian dad who left for a younger woman, working in comedy is a sore subject in Taylor's house. To keep her secret under wraps, she sneaks out to do improv and hides her sketches under the bed, and to distract from her anxiety about the competition, Taylor frequents Salem's Museum of Witchcraft to pine for Abigail Williams from the back row.

It's at the Museum of Witchcraft where Taylor falls deeper in love with the girl who plays Abigail Williams—Charlotte Grey, an out and proud lesbian at Nathaniel Hawthorne High. Charlotte radiates so much confidence in her acting and queerness that Taylor can't resist her. So when Charlotte reaches out for help on a school project, Taylor readily agrees. As they spend more time together, Taylor sees what living her truth and pursuing her dreams could bring her, but Charlotte can't understand why someone as funny as Taylor wouldn't go all out to make the most of her opportunities. To live up to her own comedy dreams and become the person she wants to be, Taylor will have to find the confidence to tell everyone exactly who she is and what she wants.
