The Eighth Annual Current Research in Egyptology Symposium (CRE 2007) was held at Swansea University on the 19th-21st April. The conference brought together graduate and postgraduate students of Egyptology from ten different countries, contributing to a total of 40 presentations. The range of topics included art and architecture, archaeology, literature and language, history and society as well as scientific analysis spanning the entire epoch of Egyptian history from the Predynastic to the Coptic era. The papers presented in the following volume represent a diverse range of topics and multidisciplinary approaches.
