The Knowing Glances

Sisters often share knowing glances that convey volumes of information. A single look can express approval, disapproval, or even an inside joke that no one else understands. These subtle glances allow sisters to communicate in situations where speaking aloud is not possible or appropriate.

The Synchronized Movements

Through years of close proximity and shared experiences, sisters develop a unique synchronization in their movements. They can anticipate each other's actions and effortlessly coordinate their activities. Whether it's a dance routine, playing a sport, or even something as simple as completing a task, sisters possess an innate ability to understand and complement each other's movements.

The Vocabulary of Inside Jokes

Inside jokes form an integral part of the secret language between sisters. These jokes are born out of shared experiences, childhood memories, or family quirks, creating a vocabulary that only sisters can decipher. A single phrase or reference

to a past event can trigger uncontrollable laughter and a flood of emotions, strengthening the bond between them.

Telepathic Connections

It's not uncommon for sisters to experience telepathic connections that extend beyond mere coincidence. They often find themselves thinking the same thoughts or finishing each other's sentences. This unexplained phenomena can be attributed to the deep understanding and synchronization of their thoughts that comes with the sister bond.

The Power of Empathy

Empathy plays a vital role in the secret language of sisters. Through their bond, sisters develop an exceptional ability to understand and share each other's feelings. They become each other's emotional support, offering comfort and guidance in times of need. This empathetic connection is a testament to the profound emotional understanding that exists between sisters.

While the secret language of sisters may be hidden from the world, it resides at the core of their relationship. Sisters possess an innate ability to understand each other in ways that no one else can. From non-verbal cues to telepathic connections, their bond transcends traditional communication methods. The secret language of sisters is a treasure that only they can unlock, forever strengthening their unbreakable connection.

New York Times bestselling adult author Luanne Rice makes her dazzling YA debut with this gorgeous, unputdownable story of love, hope, and redemption.

When Ruth Ann (Roo) McCabe responds to a text message while she's driving, her life as she knows it ends. The car flips, and Roo winds up in a hospital bed, paralyzed. Silent. Everyone thinks she's in a coma, but Roo has locked-in syndrome -- she can see and hear and understand everything around her, but no one knows it. She's trapped inside her own body, screaming to be heard.

Mathilda (Tilly) is Roo's sister and best friend. She was the one who texted Roo and inadvertently caused the accident. Now, Tilly must grapple with her overwhelming guilt and her growing feelings for Roo's boyfriend, Newton -- the only other person who seems to get what Tilly is going through.

But Tilly might be the only person who can solve the mystery of her sister's condition -- who can see through Roo's silence to the truth underneath.

Somehow, through medicine or miracles, will both sisters find a way to heal?
