The Journey Begins

At first, everything seemed like a fairy tale - magical gifts, a world of endless possibilities, and the promise of a brighter future. But soon, my Fairy Godparent's true nature started to reveal itself.

We embarked on wild escapades, ranging from flying through the sky on mythical creatures to deep-sea explorations in uncharted territories. Each adventure held an element of danger, making me question whether I had made the right choice.

The Dark Side of Magic

As the days passed, my Fairy Godparent's actions became increasingly unpredictable. I soon realized that the line between magic and destruction was alarmingly thin. What had initially appeared as a blessing had transformed into a heart-stopping rollercoaster ride, threatening my very existence.

From accidentally setting a village ablaze to conjuring storms that almost capsized our ship, my Fairy Godparent's powers were spiraling out of control. It became evident that their intentions were far from altruistic.

Escaping the Clutches

Faced with imminent danger, I knew I had to find a way to free myself from the grip of my Fairy Godparent. Armed with determination and the knowledge that my life depended on it, I set out on a treacherous quest to unravel the secrets behind their powers.

Through hidden scrolls and ancient prophecies, I unearthed the shocking truth - my Fairy Godparent had been banished from the Fairy Realm for their malevolent actions. I was merely a means for them to regain their status and power.

Redemption and Reflection

With newfound knowledge, I confronted my Fairy Godparent, demanding an end to their destructive ways. Torn between their desire for power and the realization that they had caused immense harm, my Fairy Godparent faced a critical decision.

In an unexpected twist, my Fairy Godparent chose redemption. They turned their destructive magic into a force for good, using their powers to mend the damage they had caused. Together, we set out on a mission to repair the lives shattered by their terrible acts, and to prevent others from falling victim to their malevolence.

The Aftermath

Now, as I reflect upon my tumultuous journey with my Fairy Godparent, I am reminded of the precarious nature of magic and the importance of discerning intentions. The world of Fairy Godparents is not one to be taken lightly, as the line between benevolence and malevolence can be easily blurred.

So, dear reader, should you ever come across a Fairy Godparent, proceed with caution. While their magical abilities may seem enticing, the consequences of an

ill-intentioned wish can be dire. Cherish the lessons learned from my extraordinary encounter and tread carefully in the realm of miracles and enchantments.

The true story of my Fairy Godparent, who almost killed me and certainly never, serves as a cautionary tale about the dangers that can lurk behind the guise of magic. It is a reminder that not all miracles are what they appear to be and that true power lies in the choices we make.

As we bid farewell to this captivating tale, let us carry with us the wisdom gained from this extraordinary journey. May it inspire us to question the intentions behind the extraordinary and to embrace the magic within ourselves.

Jennifer Van Der Berg would like you to know that the book ostensibly written about her—Born to Be Extraordinary by Eileen Codlin—is a bunch of bunk. Yes, she had a fairy godparent mess with her life, but no, she was not made into a

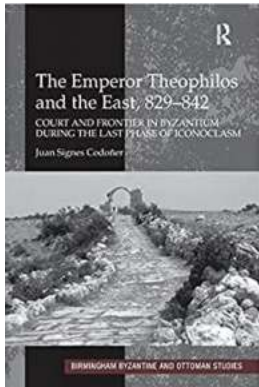

princess or given the gift of self-confidence, and she sure as hell didn't get a hot boyfriend out of it.
