Do you want to catch the Gangster of the Ocean? Are you into watching monsters smash your lure on the surface right before your eyes? GT popping is ultimate in power fishing!

Giant Trevally or GTs are considered by many fishing enthusiasts as their “dream catch.” They are huge and will put you up in a big fight. So, no doubt, you will experience a great fulfillment when you catch your first GT on a surface lure.

Giant Trevally is known to be aggressive, fierce, big, as well as extremely powerful. These characteristics are often miscalculated by novice anglers, however, are valued by both new and seasoned fishermen.

In the past, GTs are known for their reputation for being bullish, thugs, or unforgiving. From squids, crabs, eels, and crabs up to shrimps, they prey on anything that moves. But their favorite prey is smaller fish populating the shallow flats, including bonefish, mullet, powder lips, and other smaller species of trevally like brassy trevally.

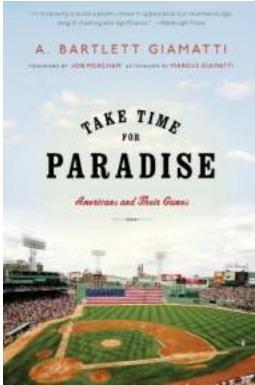

Whether you are a new angler or a seasoned fisherman who wants to discover new ideas on GT popping, keep reading!

Given how tough it is going to be, it only makes sense to bring the most effective weapons – rods, reels, poppers, stick-baits, etc. – that you can use. You will need the most excellent tools to make sure you can catch the biggest GT. But besides bringing your best fishing gear, the other greatest weapon that will allow you to hunt a Giant Trevally is the knowledge of how to catch them. On that note, this book gives you valuable insight, tips, and techniques on catching big GTs in the most spectacular way “Surface lure fishing”.
