Due to a growing concern regarding the guidance young black Americans (#YBAs) aren't receiving in everyday finances, legal issues, and cultural history, Dallas native—Porscha Kelley set out to create a movement in teaching modern principles of survival.

In #YBA, readers will gain:

#Financial Guidelines & Structure

(to budgeting, credit card use, taxes, retirement strategies, entrepreneurial tactics, and an analysis of Black Economics)

#Criminal/Legal Insight

(tackling police brutality, understanding how #YBA's rights are restricted systematically, and a "behind the bars" view of the prison system by James L. McKellar)

#Life Applications

(exploring college and trade options for building careers, healing emotional wounds, dealing with relationships and teen sex, and embracing their own creativity)

#Cultural History

(gaining a deeper insight to their African connectedness, a clear look at religion from a worldly perspective, and recognizing and analyzing invisible racism)

This book starts an extremely relevant narrative regarding the conditions and environments that many urban #YBAs face, and engages the reader to evoke real-time solutions to generational poverty, dysfunctional familial situations, and personal doubts. As a guide, this collection of conversations allows the reader to assess, analyze, deduce their own opinions (minus the political agenda of mainstream media), and pull together their own solutions.
