From the heights of the Grand Slams to a near whitewash in the 2000 Six Nations championship, one factor has remained constant in Scottish rugby - its huge resource of characters.

Early in the year 2000, Jeff Connor set out on a mission to track down some of Scotland's best-known players, the true giants of the game, and discover whether there is life after international rugby. The result was 40 exclusive interviews and a book that is enlightening, hilarious and moving in equal measure.

There are rare and extended interviews with Ken Scotland, Jim Telfer, Ian McLauchlan, Sandy Carmichael and Andy Irvine. There is the Hawick humour of Jim Renwick, the history of Finlay Calder's greatest wind-ups and the emotive story of Gordon Brown's battle with his most vicious opponent of them all, cancer. Bruce Hay's confrontation with the Duke of Edinburgh, Iain Paxton's disgust at the attitude of some English players on a British Lions tour and David Leslie's fearsome pre-match preparations are all vividly described, along with frankly expressed views from active modern-day players like Gregor Townsend.
