The newest installment in the Significance series from NYT and USA Today bestselling author, Shelly Crane.

Ava has watched her parents, Caleb and Maggie, live the perfect fairy tale, the perfect love story, played out in front of her eyes her entire life. Her family is love, life, and happiness. The Jacobsons are everything a family should be and Ava is loved and well taken care of. But the one thing that's missing from her life is the one thing she's waited for every day, the one thing her kind knows will make them complete, the one thing they thought was gone and lost forever.

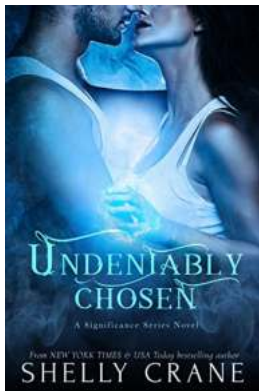

Her significant.

Seth has lived with the Watsons his entire life. They're the only family he knows, but he knows that there are things they keep from him. He knows that they lie and they do unspeakable evil, things from when he was a child that he can barely

remember that cling to the edges of his memory. He barely remembers his real mother and all he knows is what he's told. He doesn't know what to trust. He wants to believe that the Watsons love and care for him, have his best interest at heart, but isn't so sure of that anymore when he finally—after a lifetime of waiting for her—meets his soulmate, and the Watson's first act is to try to take her away from him.

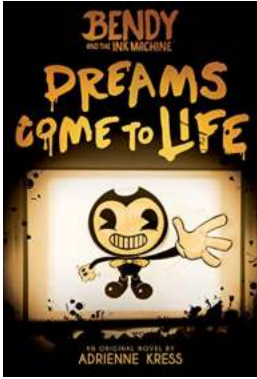

The Virtuoso worlds collide, hearts are exposed, humans are endangered, and the lives of Seth and Ava are changed forever. They'll have to love without judgment or reservation, they'll have to be wise and accepting beyond their years, they'll have to forgive for things before they've even happened, they'll have to trust without seeing, have faith without knowing, and they'll have to light their own way in the dark when everyone else is blind to show them the way. And more than anything else...

they'll fight like hell to keep each other.
