This book very quickly covers various topics. It has very short stories from my earlier years hunting & fishing in Ohio. It is focused towards new hunters but has information for advanced hunters as well. Discussed in more detail than the stories is squirrel hunting & rabbit hunting tips. It has recipes for squirrel & rabbit. It has some famous quotes from President Theodore "Teddy" Roosevelt. It has some great information for 1st time & new hunters from hunting packs & gear to knowing & understanding habitat. Most importantly it discusses public land, conservation & ethics based around hunting. This is my 1st book & a little rough around the edges I am sure. I hope you enjoy this book.
