“There are worse things than death, as there is more than one way to pierce the heart.”

Training and planning for years, Gamel now implements his final plan to break the siege of his beloved Serenity Valley. There is no question that the upcoming battles will result in great loss of life; it is the hope that most of the blood shed will be from the invading force.

To further complicate matters Lord Goodwin and Lady Bella have surrendered the hold to the despicable Lord Hansil and his demonic offspring to avoid annihilation of the defending hold folk. With Lord Goodwin locked in his own stockade and Lady Bella chained to a post in the main hall like an animal, Gamel rushes to position the rescue force before it's too late to save them.

The climactic of the siege depends on Gamel's ability to get close enough to Lord Hansil and end him, before he can execute Bella. Gamel and his horse Demon, which he shares the life bond, must transform themselves into bloodthirsty killers to achieve this goal.

With the lives of loved ones in the balance, the last and best hope for their survival will rest with Gamel and Demon's ability on the field of battle.
