

# **Unveiling the Mysteries: Jacques Vallee's Fascinating Journals of Discovery from 1957 to 1969**

## **Overview:**

Step into the intriguing world of Jacques Vallee, a renowned French astrophysicist and computer scientist turned ufologist, author, and investigator. Dive deep into his meticulously documented and thought-provoking journals that span from 1957 to 1969. Uncover the riveting tales of Vallee's personal encounters and research, exploring the untrodden paths of unidentified aerial phenomena (UAP), extraterrestrial beings, and the unexplained.

## **The Passionate Scholar:**

Vallee's passion for exploring the unknown led him to extensively study and document a plethora of unusual phenomena. His rigorous scientific background allowed him to analyze and question traditional theories regarding UFOs and extraterrestrial encounters. Vallee wasn't content with accepting mundane explanations or dismissing sightings as mere illusions or hoaxes. Instead, he dove headfirst into the enigma, embarking on an exceptional journey that challenged conventional wisdom.

## **Jacques Vallee's Journals:**

From 1957 to 1969, Vallee maintained detailed journals that documented his extensive research and personal experiences. These journals offer a unique perspective into his mindset and evolving theories as he delved deeper into the mysteries of the universe.

## FORBIDDEN SCIENCE 1: A Passion for Discovery, The Journals of Jacques Vallee 1957-1969

### Year 1957: Initial Intrigues

In his journals from 1957, Vallee recorded his initial fascination with UFO sightings, categorized the various types of close encounters, and explored the psychological impact on witnesses.

### Year 1961: Cosmic Coincidences

Vallee's journals from 1961 unearth intriguing correlations between UFO sightings and significant historical events. He begins to postulate that these phenomena may be a form of communication or intervention by superior intelligences.

### Year 1965: Forbidden Science

Diving into forbidden territories, Vallee's journals from 1965 reveal his exploration of the UFO phenomena's potential link to occult practices, psychic phenomena, and parapsychology. His studies raised countless questions about the interconnectedness of various paranormal phenomena.

## **Year 1967: Dimensions Beyond**

As Vallee's research progressed, his focus shifted towards multidimensional concepts and the possible existence of parallel universes. His journals from 1967 shed light on his experiments with altered states of consciousness and their potential connection to encounters with extraterrestrial beings.

## **Year 1969: Socio-Cultural Impact**

Vallee's journals from 1969 analyze the socio-cultural impact of UFO encounters. He explores how such phenomena affect society's belief systems, religious ideologies, and governmental policies.

## **The Legacy Lives On:**

While Jacques Vallee's journals document an era of profound discovery and exploration, his contributions continue to inspire generations of truth-seekers, researchers, and scientists.

:

Jacques Vallee's journals provide a captivating account of his relentless pursuit of knowledge and understanding. These meticulously detailed records take readers on an incredible journey filled with astonishing revelations, mysterious encounters, and a passion for discovery. Embrace the opportunity to delve into the mind of one of the most influential figures in ufology, and awaken your own curiosity about the secrets that lie beyond the realm of our current understanding.

## IF SCIENCE REFUSES TO DEAL WITH THIS TOPIC, THEN WHAT IS SCIENCE FOR?

Beginning after the launch of Sputnik and ending with the landing on the moon, the first volume of Jacques Vallee's journals details how UFOs, in the midst of a proliferation of sightings in the 1960s, became a forbidden science. In this beautifully written journal, Vallee reveals just how the scientific community was misled by the government, how the best data on UFOs was kept hidden, and how the public record was shamelessly manipulated.

JACQUES VALLEE holds a master's degree in astrophysics and a PhD in computer science. The subject of UFOs first attracted his attention as an astronomer in Paris. He subsequently became a close associate of Project Blue Book's J. Allen Hynek and has written several books on the UFO enigma. He is presently a venture capitalist living in San Francisco.
