In 2012, Specialist Summerfield and the 2-508th Parachute Infantry Regiment were deployed to the Kandahar province of Afghanistan. A Special Forces dropout, Summerfield was given a second chance at leadership as the head of an infantry team in one of the most IED-ridden areas in Afghanistan. With zero training and little intel, his squad navigated IED belts, leadership conflict and enemy ambushes. This book provides a thought-provoking and often humorous account of life on the front in a frontless war, all from the perspective of a low-ranking enlisted soldier.
